

Punjab Engineering College, Chandigarh

IIT Roorkee

JOINT STATEMENT

Punjab Engineering College (PEC), Chandigarh, and the Indian Institute of Technology Roorkee (IITR) would like to explore the possibilities in cooperation for encouraging interactions between the scientists, research fellows, research scholars, faculty members, and students of both organizations through the following arrangements:

- a. Faculty Interaction for academic and research engagements.
- b. Organization of joint conferences and seminars of mutual interest.
- c. Students visits as per agreed terms and institute policies.
- d. Joint guidance of student projects in various areas such as quantum technologies, physics, electronic devices, solid state physics, material science, manufacturing, hydrology, civil engineering, and other areas of national interest on mutually agreeable terms.
- e. Both IIT Roorkee and PEC may submit joint proposals and allow faculty members to conduct joint research projects and students under joint supervision to utilize its scientific and technological infrastructure as per applicable charges and agreed on terms.
